## Technical data

Toggle switch

|        |               |
|--------|---------------|
| Type   | QXK           |
| Series | QUARTRON®     |
| Rubric | Toggle switch |

## → General data

|                            |               |
|----------------------------|---------------|
| Design                     | Square        |
| Panel cut-out              | Ø 16.2 mm     |
| Mounting plate thickness   | 1 mm ... 7 mm |
| Color actuator             | Red           |
| Front bezel colour         | Black         |
| Degree of protection front | IP65          |

### Note

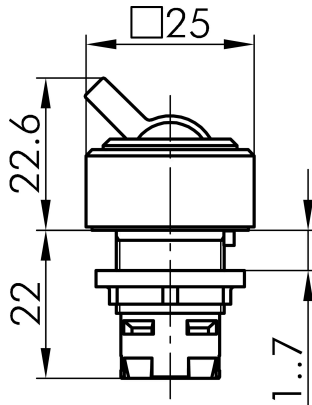

- Rocker arms in other colors available upon request

## → Mechanical data

|                    |                   |
|--------------------|-------------------|
| Switching function | Latching function |
|--------------------|-------------------|
